

## HK-6B

- Strong machine body, durable and portable.
- Low barycenter designing, with haul of 16kg, can smoothly moving.
- Magnet controlling handle makes setting up easy.
- Welding both in left and right; inductor in both end can make machine stop when welding end.
- High intelligentizing with storage memory function.
- Digital display for welding length and traveling speed.

| Order NO. | Model NO. | Supply Voltage V/Hz | L×W×H (mm)  | Up down | Forward backward | Work angle | Proceeing angle | Speed (mm/min) | Method of driving           | Weight (kg) |
|-----------|-----------|---------------------|-------------|---------|------------------|------------|-----------------|----------------|-----------------------------|-------------|
